

NOMINATION SPEECH FOR SENATOR CIARLONE,

Democratic Town Committee, Park Plaza,  
New Haven August 4, 1977

I am delighted to endorse for Mayor  
a friend with whom I served as Alderman,  
in whom compassion and ability  
to change things are amalgamated to  
assure improved conditions for our lives.  
In public service, as an Alderman,  
as Representative, as Senator  
he placed the needs of his constituents  
above all else and by integrity  
and diligence impressed associates,  
especially as the Chairperson of  
the Public Health Committee: there he etched  
a brilliant record in support of life  
and of its quality at every stage.  
And his community activities  
receive his careful, thoughtful scrutiny:  
New Haven Catholic School Board; Wooster Square  
Committee for Renewal; also the  
United Way; New Haven Health Care, all  
are beneficiaries of his advice.  
And yet he still had time to be a kind,  
devoted husband, loving father. It  
is most enjoyable to nominate  
for Mayor a constant voice for progress and  
for decency both for today and for  
the many days to come: Tony Ciarlone.
